5406. To Receive Correspondence

A member of the public had sent an email with some questions regarding public rights of way within the Village and maintenance of them. Council sought advice from the legal department at Torridge and will send the following response:

The Parish Council believe that the public right of way from the Parish Church passing Church Terrace, Lanes End & Hillside is a right of way established over many decades of use and is shown on Church maps as a right of way to the Church. This and other historic rights of way that are currently not registered with Devon County Council will be able to be registered next year and the Parish Council will be taking this opportunity to get this done to keep these rights available to the public. The right of way in question was only a pedestrian right of way within living memory, and only became a vehicular right of way when residents of Church Terrace first acquired cars. This being true, the public right of way is only pedestrian. Once this has been registered it is believed that maintenance of this is the responsibility of DCC. This will only be to maintain a pedestrian right of way and not to maintain or ensure a vehicular right of way. The vehicular rights are the responsibility of the residents of Church Terrace, Lanes End & Hillside. However if anything is done to this right of way by way of maintenance that may cause impediment or injury to pedestrians using it, those undertaking the work could be held responsible. As

such, if work is done by the residents by way of maintenance it is suggested that it should be done by persons with relevant licences and insurance to undertake such work.

A grant request has been received for maintenance of the Churchyard. Council agreed to award £1600 towards the upkeep. Proposed by Cllr Stratton and Seconded by Cllr Hawken, carried nem.com.

5407. Clerks 12-month Appraisal

The Clerk confirmed that the hours of work are sufficient and suitable to complete all necessary duties. Councillors are happy with the work of Clerk and she has completed the 3 Clerks Essential courses. The hourly rate of pay will be raised to £11.

5408. Chairman's Report
